Servicing and Repair

All powered instruments and attachments should be regularly checked and cleaned. Annual servicing is strongly recommended for normal use. Due to the specialist techniques used in the manufacture and maintenance of De Soutter Medical instruments, user servicing is not possible. For advice on your local Authorised Service Centre please contact our Customer Service on:

Telephone +44 01442 860300
Fax +44 01442 860333
Email info@de-souttermedical.com

To return an instrument for repair or warranty:

- Disinfect/sterilise the equipment in accordance with reprocessing instructions described in the products Operating Manual.
- Record the serial number of the instrument being returned with the return documentation and enclose a brief statement describing the reason for returning the equipment together with a contact name and telephone number.
- In the case of a warranty return please state original invoice number, date of purchase and a fully detailed description of the problem.
- In the case of repair/servicing please enclose a purchase order number to cover the Minimum Repair/Inspection Charge of £30.00. The cost of any repair will always be advised by the Company and approved by the Customer before any work commences.
- Pack the instrument securely, as any in-transit damage is not covered by the warranty.

Warning: All items returned must be accompanied by a declaration of contamination status. Equipment contaminated with bio-hazardous materials will be returned.

Returned Goods

Requests for credit returns must be received within 60 days of the invoice date.

Equipment returned to De Soutter Medical for credit without our prior written authorisation will not be accepted. All returned goods will be subject to a re-stocking charge of 15% of the net original invoice value.

Credit cannot be given for items damaged during return shipment due to inadequate packaging. To receive a full credit, less the re-stocking charge, all products must be returned in full package quantities and any consumables must be in the original, undamaged packaging.

Warranty

De Soutter Medical, ("the Company"), warrants to the first purchaser or lessee ("Customer") that the instruments, attachments, parts and consumables manufactured by or for the Company (hereinafter collectively called "Products") are guaranteed to be free from defects in material and workmanship for the warranty period for a particular Product, beginning from the date of invoice.

New Products – Warranty Period

- Powered Surgical Handpieces and Attachments – Twelve (12) months
- Cast and Autopsy Saws – Twelve (12) months
- Battery Chargers and Power Supply/Control Units – Twelve (12) months
- Pneumatic Hoses – Twelve (12) months
- Handpiece Cords and Power Cords – Twelve (12) months
- Electric and Pneumatic Footswitches – Twelve (12) months
- Handpiece Accessories, Bur Guards, Blade Guards and Adaptors – Twelve (12) months
- Battery Packs – Six (6) months
- Consumables i.e. single use Burs, Blades and Pump Kits – for such period expiring on the "use by date"

This limited warranty is restricted to repair or replacement by the Company, at its option, of any Product found to be defective during the warranty period. All warranties shall apply only to the original Customer. In no event shall the Company be liable for any anticipated profits, consequential damages or loss of time incurred by the Customer with the purchase or use of any Product.

The Company shall be under no liability in respect of any defects arising or resulting from fair wear and tear, improper or inadequate installation, use or maintenance, accidental or wilful damage, negligence, abnormal working conditions, failure to follow the Company's product operating instructions, misuse or modification or alteration or repair of the Products by unauthorised third parties or the Customer.

Repaired Products

The Company warrants to the Customer that any service or repair work performed by the Company on Products not within the warranty period shall be free from defects in workmanship and materials for a period of twelve (12) months, six (6) months for pneumatic hoses, after the date the Customer received the Product(s).

The aforementioned warranty does not affect your Statutory Rights in accordance with 1999/44/EEC

Battery packs
